ROYAL BAKING POWDER

Absolutely Pure

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it insures you against alum and all forms of adulteration that go with the low priced brands.

THE TEXTILE SCHOOL BILL

As there is so much importance in the measure that is pending in the legislature to provide for the establishment and maintenance of textile and industrial schools, The Daily Intelligencer has secured a copy of it as it passed the house and sent to the senate. The author of the bill is Mr. Clement Haynesworth, of Greenville. It is as follows:

Section 1. That in any county in the State of South Carolina in which there are more than 2,000 persons employed in cotton mills or factories there shall be established a textile and industrial school: Provided, That the county in which any such school is proposed to be established or the citizens of such county shall provide and cause to be conveyed to the State suitable land, the location of which shall be approved by the Board of Trustees hereinafter provided for, and shall provide and pay over to the Board of Trustees hereinafter provided for not less than \$5,000.00, to be used in the erection of suitable buildings on such land and shall adequately equip such buildings for operation as a textile and industrial school.

Sec. 2. Each school established under and in pursuance of this Act shall be managed and operated under the direction and control of a Board of Trustees, to be known as the Board of Trustees of the Textile and Industrial School of the county in which such school is situated. Such Board of Trustees shall consist of eight members and shall serve without compensation. The State Superintendent of Education of South Carolina and the director or acting head of the Textile Department of Clemson Agricultural and Mechanical College shall be ex-officio members of every such Board of Trustees. All other members of such Board of Trustees shall be citizens of the county in which such school is located. Of such members one shall be selected from among the persons employed as superintendents of cotton mills, one from among the persons employed as operatives in a cotton mill, and one from among the persons regularly engaged in school work in the county in which such school is located. They shall be selected by the members of the General Assembly from the county in which such school is located, or a majority of them, and upon the written recommendation of such members of the General Assembly shall be commissioned by the Governor. When such Board of Trustees is first organized the terms of office of the six (6) members first selected and commissioned shall ex-

pire in six, seven, eight, nine, ten and eleven years, respectively, and upon the expiration of the terms of office of each member of such Board of Trustees his successor shall be selected and commissioned for a term of six years. In the event of the resignation or death of any member of such Board of Trustees before the expiration of his term of office he shall be succeeded by the unexpired portion of such term.

Sec. 3. When it is desired to establish such a school in any county a Board of Trustees shall first be selected and commissioned, as hereinbefore provided, and such Board of Trustees shall thereupon proceed to organize and establish such school in accordance with this Act.

Sec. 4. The Board of Trustees of any school which may hereafter be established under and in pursuance of this Act shall have authority to employ such teachers, officers and agents as may be necessary for the proper operation of such school, to purchase and make contracts for labor, materials, supplies and buildings for the use of such school, to lay out and direct courses of instruction to be given in such school, to make rules and regulations for the government and operation of such school, to accept, receive and manage gifts, bequests, devises and appropriations of money or property for the use of such school, and to do all other acts and things necessary for the proper maintenance and operation of such school; Provided, No such Board of Trustees shall have authority to create any obligations on the part of the State.

Sec. 5. In any school or schools which may be established under and in pursuance of this Act there shall be given textile and industrial courses and such courses of instruction in primary, elementary and secondary subjects as the Board of Trustees may be deemed advisable, and the Board of Trustees shall provide for such day, evening and part time classes as may best suit the needs of cotton mill operatives and other working people.

Sec. 6. Residents of this State shall be received and instructed in such school or schools free of charge and without any requirements as to previous education; Provided, No one under twelve years of age shall be received as a student in any such school.

Sec. 7. Non-residents of this State may be received as students in such school or schools upon such terms and conditions as may be fixed by

the Board of Trustees, and be required to pay such tuition fees as may be fixed by the Board of Trustees.

Sec. 8. That upon the establishment of any school under and in pursuance of the provisions of this Act there shall be paid from the State Treasury, out of any funds not otherwise appropriated, the sum of \$5,000.00 annually to each school so established for the support and maintenance thereof; said sums to be paid upon the warrant of the Comptroller General as needed by the Board of Trustees of such school.

HALL-MAJESKI

On Thursday evening, January 22d, a wedding of unusual interest took place at the home of Mr. and Mrs. Sloan Hall, in Abbeville, when their daughter, Miss Mattie, became the bride of Mr. A. L. Majeski, of this county. The ceremony was impressively performed by Rev. Louis J. Bristow, in the presence of a large assemblage of relatives and friends.

The house was decorated with artistic taste, trailing vines and holly formed the green back ground, against which the crimson carnations and holly berries glowed with color and beauty.

The attendants were: Miss Beula Hall, of Abbeville, cousin of the bride, and Mr. A. D. Elrod, of this county.

The bride was beautiful in her wedding gown of blue satin, fashioned after a collet draped model.

The bride is a daughter of Mr. Sloan Hall, of the police force, and is universally popular, and her sweet win the friendship and admiration of all who meet her. The groom is a son of Mr. and Mrs. Martin Majeski and is held in high esteem by all who know him.

The bride and groom left on the 6:35 train for Columbia. On their return they will be at home near the city to their many friends.

ENTERTAINMENT PROGRAM

At Home of General Bonham on Friday Evening Jan. 24th at St. Joseph's

Friday evening there will be an informal entertainment at the home of General Bonham, on Greenville street. An attractive program will be given, after which light refreshments will be served. HE IS GOING SOME

(By Associated Press)

Boston, Jan. 29.—Labor leaders headed by James Cowley of New York, advocated public ownership of street railways and free transportation on all cars at a hearing today before the legislative committee on street railways. Mr. Cowley declared that a cent fare was virtually an income tax levied on the salary of every person.

SPECIAL ORDER MADE FOR NEW CIRCUIT BILL

Provides That Anderson and Oconee Shall Be Put in One Circuit

Columbia, Jan. 29.—On the motion of Senator Wilton H. Earle, the bill proposing the state into 13 judicial circuits, putting Anderson and Pickens into a circuit by themselves, was made a special order for Tuesday. The bill has received a majority favorable and minority unfavorable committee report.

The Earle bill provides that the tenth circuit shall be comprised of Anderson and Oconee counties and that Judge Geo. T. Prince will be the judge of this circuit. Greenville and Pickens counties will comprise what will be known as the thirteenth circuit, and Solicitor Proctor A. Bonham will be the solicitor of this circuit.

This means that a judge will be selected from Greenville or Pickens county and a solicitor will be chosen from Anderson or Oconee counties. Since Clyde Smith, the present stenographer of the tenth circuit is an appointee of Judge Prince, it is presumed that he will remain in this circuit, and that another stenographer will be chosen for the thirteenth.

The election of one circuit judge is made by the state senate and house of representatives in joint session. This will be done soon after the bill is passed and signed by the governor. A solicitor is chosen by the people in the judicial circuit, but since there is no election for solicitor for three years yet, or until November, 1915, will be up to the governor to appoint a solicitor to serve until that time.

The appointment of a solicitor by the governor is provided for in the bill that is now in the general assembly. No doubt there will be several applicants for the judgeship and for the solicitorship. Senator Tom Joe Mauldin of Pickens is prominently mentioned as a suitable man for judge.

The members of the Anderson bar and court attaches are pleased over the progress of the Earle bill. A division of the circuit, in order that court business may be dispatched without such long delays, is regarded as absolutely necessary. The relief to be granted the general assembly will be greatly appreciated by all persons who are interested in court matters.

Hopewell News

Special to The Intelligencer.

Hopewell, January 26.—For the past few weeks we have been blessed with pretty weather, which the farmers made good use of, most of them have their land ready for putting in their fertilizer.

School at this place is in a very flourishing condition, under the management of Prof. L. W. Hafferty, as Principal and Miss Mary Poole as assistant.

Hopewell is still without a pastor. It seems that we stay without one most of the time, and what is the cause? Why it is simply because there is so much selfishness among the members. Let us lay aside so much selfishness and all stand together for the upbuilding of our church and Sunday school.

Doc Bishop has recently moved back into our community. May they find peace and happiness in their new home.

Miss Gladys Mahaffey spent Sunday afternoon with Misses Loren and Mildred Thompson.

Miss Lizzie Webb and brother, of Moretown attended services here last Sunday.

Mr. John Stricker and wife, attended Sunday school here last Sunday.

C. P. Wilkins of Shelby, N. C., was registered at the Chiquola hotel last night.

A. W. Fairmer of Spartanburg, is among the business visitors to the city.

THE IVERS & POND PIANO

Though the IVERS & POND PIANO COMPANY make a high grade piano they are always striving to improve their instruments.

Their aim is, and always has been to make a better instrument.

The IVERS & POND PIANO, is made only in one quality, that is the best that is possible to manufacture.

These pianos are better known for wearing and staying in tune qualities, and also their sympathetic tonal quality.

We have handled IVERS & POND for over 25 years, and have always found them absolutely satisfactory.

(By Associated Press)

Washington, Jan. 29.—Emperor William's acknowledgment of President Wilson's birthday greetings is said to have been the first official wireless message between the United States and Germany. The emperor's reply was at the state department today, where a reply was being framed. The wireless came direct from a station in Germany across the Atlantic to a commercial station at Tucker, N. J.
